To Whom it May Concern,

Anne Kaarid, is the sweetest, most considerate and patient women I've had the pleasure to get to know over my first year of schooling at TriOS College.

Hi my name is Bonnie DeFauw and I am in my first year at Trios College for the Registered Massage Therapy program. I met Anne through the Peer Tutoring program back in October as a Peer Tutor. My class was in the middle of skeletal anatomy and I was struggling with pronunciation of a lot of the Latin terminology, as well being confused about anatomical positioning.

Growing up I had a major learning disability, so pronouncing larger English words has always been a struggle for me, let alone Latin words (*it was like she was teaching a cat.*) My professor at the time suggested I meet up with Anne so that I can verbalize what I have been learning. My marks went from just passing, to the mid 90s in just a few sessions with Anne.

Anne has become such a solid rock in my life over the past few months. She is my sounding board when I need to talk about anything from home life to school, and she always lends a gentle and kind ear of wisdom. She has an amazing calming effect when life seems to be spinning out of control. Without Anne there would be no way that I would be where I am in this program today. I will be forever grateful for all of Anne's help. She is going to be a wonderful and brilliant RMT that I would be honoured to work beside one day in the future.

Sincerely yours,

Bonnie DeFauw
